

# THE ORCHID CLINIC PATIENT MEMBERSHIP PLAN

## WHY JOIN OUR PATIENT MEMBERSHIP PLAN?

Patients who attend more regularly are the patients who require less dental treatment compared to patient who don't. The aim for our Patient Membership Plan is to encourage you to visit us on a more regular basis which means that we can focus on prevention of problems rather than curing them. An early detection of dental problems and intervention also prevents more extensive treatments. This also saves you high dental bills.

When you join, the cost of your regular exams and scale & polishes are spread throughout the year and you don't pay anything during your routine visits. This means that IT DOES NOT COST YOU EXTRA to be part of the membership plan. However, the plan will give you access to exclusive benefits and **SAVE YOU** substantial amount of treatment costs. The membership is tailored to your individual needs and based on intervals decided by your dentist, hygienist and yourself. This way, we can help to maintain a good oral health within an affordable monthly budget for you and for your family.
